## The Strategy of False Flag Terror The White Horse Justifies Colonial Wars

"There is a chance for the President of the United States to use this (9-11) disaster to carry out what his father (Bush Sr.) used only once...and that is a New World Order". (2003)

**Gary Hart** – CFR member & former Senator (FL)

### Gary Hart Admits US Carries Out "False Flag" Terror

The clear context of this quote is Hart expressing his desire to see the devastating terror of the 9/11 attacks used as the PRETEXT to create a "new world order." He repeats the warning that Bush Neo-Cons are looking to stage an "incident" as a pretext to attack Iran. Hart also later admits that he wrote a letter to Iranian President Mahmoud Ahmadinejad warning of the possibility of a staged "false flag" terror event similar to the Gulf of Tonkin that would be used by the US to justify a military attack but later claimed it was just a "mock letter". "I was trying to communicate to the American people what our own government was trying to plan and ...to find a reason for bombing Iran - I was simply saying to the American people ... be very careful about this administration CREATING a U.S.S. Maine incident or a Gulf of Tonkin incident that would justify bombing Iran."

"And if you shall despise my statutes,...that you will not do all my commandments, [but] that you break my covenant: I also will do this unto you; I will even appoint over you TERROR-ism"

- Leviticus 26:15-16a

In **TERRORSTORM** by Alex Jones ([infowars.com](http://infowars.com)) you will discover that "September 11th, the attacks of 7/7 in London, and many other terrorist events were government sponsored "false flag" events. Throughout history, criminal elements inside governments have carried out terror attacks against their own populations as a pretext to enslave them."

TERRORSTORM reveals how, in the last hundred years, Western leaders have repeatedly murdered their own citizens while posing as their saviors. You will witness British Special Forces troops caught in the act of staging terror attacks in Iraq and see official US government documents laying out plans to hijack passenger planes by remote control. You will learn how the Reichstag fire, the Gulf of Tonkin, and the US-backed Iranian coup of 1953 are all interconnected false-flag terror events. This powerful documentary explores the mindset of the average brainwashed Westerner. It delves deeply in to the systems of control which have been scientifically-crafted to imprison American's minds and keep their eyes closed to the realities of their world ...

- Shocking uncovered video evidence and new interviews that reveal undeniable proof that governments plan and carry out false-flag terror to manipulate the geo-political structure for their advantage
- New footage from the historic 5th Anniversary 9/11 Truth rally at Ground Zero in New York City
- Smoking gun evidence that mainstream media was staging news coverage on 9/11—including false-start reports that Building 7 had totally collapsed over an hour BEFORE it fell.
- Learn how the mainstream media is covering up the fact that the majority of living 9/11 victims and their families believe September 11 was an INSIDE JOB.
- New interviews and perspectives on false-flag terror, and much more.
- Powerful analysis of Transportation Secretary Norman Mineta's testimony before Congress that VP Cheney was clearly in control of the NORAD air defense **STAND DOWN** on 9/11.

"For we wrestle not against flesh and blood, but... against spiritual wickedness in high (places)."

- Ephesians 6:12 (See also Psalms 2)

- **False flag operations** "covert operations conducted by governments, corporations, or other organizations, which are designed to appear as though they are being carried out by other entities. The name is derived from the military concept of flying **false colors**; that is, flying the flag of a country other than one's own. False flag operations are not limited to war and counter-insurgency operations, and have been used in peace-time..." – [www.Wikipedia.org](http://www.Wikipedia.org)

The above definition is an accurate description of covert military operations which history has proven to be the most common tactic used to start wars. Even US military planners have used and continue to use "false flag" terror to achieve the necessary justification for their greater wars and hegemony. Without the FEAR that is generated by such fabricated terror, it's nearly impossible for the President to gain the support he desires from the American people.

Most people would demand proof of such an outrageous claim. Well, such a secret military operation was formally conceived in 1962 and presented to President Kennedy by the Joint Chiefs of Staff. It was finally declassified from the US National Archives in 2000 for all to witness-just prior to 9-11!

### US False Flag Terror Plans:

#### **OPERATION NORTHWOODS.....**

#### **US Military Drafted Plans to Terrorize US Cities to Provoke War with Cuba**

In the early 1960s, **Gen. Lemnitzer** & America's top military leaders did indeed draft plans to kill innocent people and commit acts of terrorism in U.S. cities to create public support for a war against Cuba. Code named **Operation Northwoods**, the actual plans included the assassination of Cuban émigrés, sinking boats of Cuban refugees on the high seas, hijacking American planes, blowing up a U.S. ship, and even orchestrating violent terrorism in various U.S. cities.

The plans were developed to trick the American public and the international community into supporting a war to oust Cuba's communist Fidel Castro. The US Govt even contemplated causing U.S. military casualties, writing: "We could blow up a U.S. ship in Guantanamo Bay and blame Cuba," and, "casualty lists in U.S. newspapers would cause a helpful wave of national indignation (rage)."

Details of the secret plans are described in **Body of Secrets**(Doubleday), a new book by investigative reporter James Bamford about the history of America's

largest spy agency, the National Security Agency.

However, the plans were not connected to the agency, he notes. The plans had the written approval of all of the Joint Chiefs of Staff and were presented to President Kennedy's defense secretary, Robert McNamara, in March 1962. But they apparently were rejected by President Kennedy and have gone undisclosed for nearly 40 years.

"These were Joint Chiefs of Staff documents. The reason these were held secret for so long is the Joint Chiefs never wanted to give these up because they were so embarrassing. The whole point of a democracy is to have leaders responding to the public will, and here this is the complete reverse; the military trying to trick the American people into a war that they want, but that nobody else wants" Bamford told ABCNEWS.com.

### Vice President Cheney Schemes Provocation For War with Iran

#### EXCLUSIVE: Vice President Considers False Flag Terror to Provoke War with Iran

Late last year, Congress agreed to a request from President Bush to fund a major escalation of COVERT operations against Iran, according to current and former military, intelligence, and congressional sources. These operations, for which the President sought up to four hundred million dollars (July, 2008) Speaking at the **Campus Progress** journalism conference earlier this month, **Seymour Hersh** — a Pulitzer-Prize winning journalist for *The New Yorker* — revealed that Bush administration officials held a meeting recently in Vice President Cheney's office to discuss ways to provoke a war with Iran.

**HERSH:** There was a dozen ideas proffered about how to trigger a war. The one that interested me the most was why don't we build — we in our shipyard — build four or five boats that look like Iranian PT boats. Put Navy seals on them with a lot of arms. And next time one of our boats goes to the Straits of Hormuz, start a shoot-up. Might cost some lives. And it was rejected because you can't have Americans killing Americans. That's the kind of the level of stuff we're talking about. PROVOCATION... Because one of the things they learned in the incident was the American public, if you get the right incident, the American public will support (war). You know, we're into it."

## FBI Sent Money to Hamas Terrorists

CBS News (AP) 10/7/2003 While President Clinton was trying to broker an elusive peace between Israelis and Palestinians, the FBI was secretly funneling money to suspected Hamas terrorist figures to determine if it would be used for terrorist activity... according to interviews and court documents....[www.cbsnews.com/stories/2003/10/07/attack/main576834.shtml](http://www.cbsnews.com/stories/2003/10/07/attack/main576834.shtml)

*"Rhetoric of fear feeds the myth of Al Qaeda... and that is the essence of Bush's appeal."*

– **Webster G. Tarpley,**

Author "9-11 Synthetic Terror: Made in the USA"

*"If one doesn't have any real enemies, it may be necessary to create them. This is how some people really look at that. Those people are very aware of the profit potential for war, and they have written about it, but it's not just the profit potential...but the primary motivation for getting the US into the war in the Middle East is directly related to possessing and controlling the oil reserves...and that translates into dollars...and social control of the world domination"*  
– **G. Edward Griffin,** Founder of Freedom Force Int'l and author of "The Creature from Jekyll Island".

*"The 'War on Terror' is a Pavlovian appeal to the irrational and emotional unconscious mind... the public relations mind control industry and is now fabricating an illusory reality to the masses...9-11 was a culmination of that designed to manipulate public opinion...to terrify people and subject them to coercion allowing the government to step in as a surrogate parent figure. The people then permit resource wars of imperial aggression."* – **Prof. Kevin Barrett,** Islamologist at Univ. Wisconsin at Madison.

On 11 September, while "Al-Qaeda's" planes slammed into the World Trade Center and the Pentagon, the Carlyle Group (major US Defense contractor) hosted an investor's conference at a the Ritz-Carlton hotel in Washington. Among the guests of honor sitting at the table of George Bush Sr. was a valued investor: Shafiq bin Laden, brother to Osama bin Laden.

## 9-11 FALSE FLAG TERROR

*"By 2001, America had lost control of the Iraqi and Iranian oil and couldn't control the Caspian oil and gas resources, so they needed a pretext to penetrate these strategic regions. This was the main reason for the 911 attacks to justify America's military intervention."* – **General Leonid Ivashov**

Joint Chief of Staff Russian Armed Forces,  
See **9/11 PuppetMasters** (YouTube.com)

*"The 'official story' is what we know didn't happen for sure, because there's physical impossibilities, there's contradictions, anomalies and absurdities that defy the official story of 9-11 that beggar description."* – **Barrie Zwicker, Journalist, Author**

*"Very major crimes being committed by the US government and people will say, 'I just can't believe that the President of the United States would do that.' That's the quintessential expression of 'Group Mind'. Group Mind is a set of regulating assumptions that people hold in common which is never questioned or examined and they close out anything that invalidates or opposes them...And they will attack people who suggest (Bush is a war criminal)."*  
–**Prof. John McMurtry,** Guelph University, Canada

## Trillions 'Missing' from Pentagon!

*"We reported that DoD processed \$1.1 trillion in unsupported accounting entries to DoD Component financial data used to prepare departmental reports and DoD financial statements for FY 2000."*

– **David K. Steensma** - Acting Assistant Inspector General for Auditing for the US Dept of Defense.  
February 26, 2002

*"It goes very high up...(govt. terror)...its to cover the operations. They will prepare everything – people to BLAME (moslems)... for Islamic oil."*  
– **Andraes Von Buelow,** Former German Defense Minister and Author "The CIA and September 11"

Deceit is the foundation for all False Flag terror operations and setting up patsies for blame is the main objective in order to gain support and the consensus for war. But how can the US Govt's final **9-11 Commission Report** be taken seriously when at least

6 of the FBI's named Islamic hijackers are *ALIVE?*

## FBI's 9-11 Hijack 'Suspects' are Alive and Well

BBC News | 9/23/2001

Another of the men named by the FBI as a hijacker in the suicide attacks on Wash.DC and NY has turned up alive and well. The identities of six of the 19 suspects accused of having carried out the attacks are now in doubt. Saudi Arabian pilot Waleed Al Shehri is protesting his innocence from Casablanca, Morocco. He told journalists there that he had nothing to do with the attacks on New York and Washington, and had been in Morocco when they happened. *(Six other suspects have proven to still be alive, because they were false flag 'patsies', similar to Lee Harvey Oswald)* See [www.whatreallyhappened.com](http://www.whatreallyhappened.com) for more details.

## BUSH discussed with Blair the Possibility of INCITING a Conflict (False Flag) with Iraq

LA Times.com | 02-11-2006

**Smoking Gun: The Downing Street "Memo"** is actually the minutes of a meeting of many of the British Prime Minister's war cabinet on July 23, 2002. Published by **The Sunday Times** on May 1, 2005, this document was the first hard evidence from within the UK or US governments that exposed how the Iraq war began. Much more information has come to light through leaks of secret government documents and accounts of an increasing number of people who have witnessed the administration's wrongdoing first-hand. There is now in the public record a large body of evidence that vividly illustrates Bush's willingness to provoke Saddam (in a variety of ways) into providing a pretext for war...

*"Bush told Blair that 'the U.S. was thinking of flying U2 reconnaissance aircraft with fighter cover over Iraq, painted in U.N. colors. If Saddam fires on them, he would be in breach' of U.N. resolutions.* In any case, [Bush] said, the war was 'penciled in' for March 10 and the United States would go ahead and invade with or without a sec. UN resolution. (facts at: [www.downingstreetmemo.com](http://www.downingstreetmemo.com))

## A HISTORY OF GOVT-SPONSORED TERROR

**Nero Cladius Caesar (July 18, 64 AD)** - On this night, a fire started that would eventually burn three-quarters of Rome to the ground. As history tells us, Nero fiddled, while Rome burned. It is not clear if it was Nero who started the fire or prevented it from being put out. But, in the end, it didn't matter. What was left were the charred remains of a city. Nero blamed the "terror" on Sabbath-keepers, but it was he who had the most to gain from the fire. The poor

Nazarenes were thrown to the lions, and became the preferred sport of the new city. But something did not make any sense. Why would a city of poor people burn down their own homes, instead of Nero's palace? Always remember this: "He who stands to gain the most from a terrorist act, is the most likely party who brought that plan to fruition."

On September 11th, it was a "Nero", whom George Bush Jr. most represented, when he sat there in that Florida classroom, reading the story of the goat (which itself symbolized Baphomet from Satanism).

**1605** - The infamous **Guy Fawkes plot** to blow up the English Parliament. Actually an institutional false flag plot used as a British pretext for war with Spain.

**1898** - The sinking of the **USS Maine** in Havana harbor was immediately pinned on the Spanish and the rallying call became, *"Remember the Maine! To hell with Spain."* No reliable evidence was ever produced linking Spain to the event.

**1931** - **The Mukden incident**, Japanese officers fabricated a pretext for annexing Manchuria by blowing up a section of railway, and later China was invaded.

**1933** - **The Reichstag Fire** allows the Nazis to crack down on their opposition and take power, immediately claiming that the fire is a communist plot.

**1939** - **The Gleiwitz incident**, Reinhard Heydrich of Nazi Germany fabricated evidence of a "Polish attack" to mobilize German public opinion, and to fabricate a false justification, for a war with Poland.

**1964** - **The Gulf of Tonkin Incident** was a pair of 'alleged' attacks by 'North Vietnamese gunboats' on two American destroyers. The incident was utilized by the Johnson to publicly escalate military operations in the region. In 1995, retired Vietnamese General Nguyen Giap meeting with former Secretary of Defense McNamara, denied that Vietnamese gunboats had attacked US destroyers.

**9-11-2001** - used to justify the "War on Terror", pre-emptive crusades against Moslem states, torture, stripping away of civil rights and the criminalization of political opponents and anti-war protesters!

**84% BELIEVE 9-11 GOV'T COVERUP!** A 2006 scientific New York Times/CBS opinion poll emerged which declared that 84% of the American people now **disbelieve** the official government "version" of the September 11th 2001 (*false flag*) terror attacks...

**Expect more Govt-Sponsored Terror upon America!**
